RE: Planned Relocation of Fayers Hornsey Road Branch

Dear Customer:

We have completed the planned relocation of our Fayers Hornsey Road, Holloway Branch. As you may be aware the sale of our current premises has been completed and we are in the process of finding a new bespoke site, which will give us easy access for Customers and deliveries, parking and a branch layout, that will help us to improve our trade counter service.

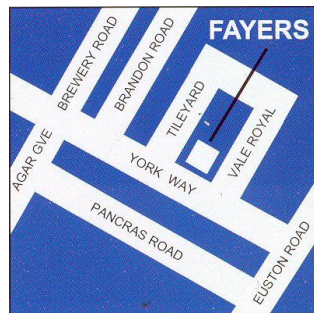

We were unable able to secure such premises before the deadline of the closure of our Hornsey Road branch in February 2008, therefore we have consolidated our operations and activity out of our Fayers York Way, Kings Cross depot for the time being.

Kings Cross has ample free parking in our secure yard, easy access and a more substantial stock holding making it possible for us to provide a more efficient and reliable service. Kings Cross is also where our Fleet of 6 delivery vehicles are based making it possible for us to more effectively organise deliveries for you.

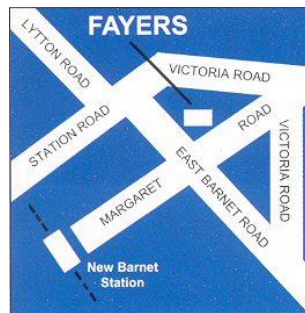

Once we have secured new premises we will advise all of our customers of the address and services that we will be offering from this location but in the meantime I believe that all of you who have used Holloway will agree that Kings Cross offers our customers great stock availability, easier access and more reliable parking thus improving our overall service to you.

I sincerely hope to see you at Kings Cross in the near future but should you have concerns over our planned move, or if there is anything else that I may be able to help you with please feel free to contact me.

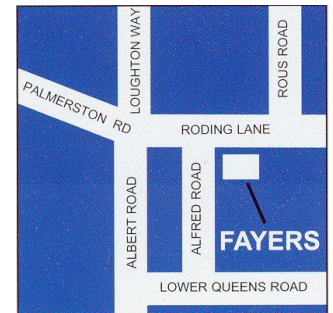

I have taken the liberty of including a map to our Kings Cross branch below along with Maps for our Buckhurst Hill and Barnet Branches:
