Why Choose Infinitacast?

Infinitacast baths are the ultimate premium bath, hand finished in the UK to the most exacting of standards. They are rigid, durable, strong and with a reassuring weight are perfect for all bathrooms, regardless of bath style chosen. The versatility of the materials used, the advanced manufacturing process and the quality of our craftsmanship means that Infinitacast baths can be designed in beautiful sculptural shapes that suit the contemporary bathroom.

Made from a high quality acrylic, the baths are reinforced with 7 layers of hand applied fibreglass core matting and resin bonding. The timber framed bath rims and bath bases are fully encapsulated in fibreglass matting and resin bonding providing extra rigidity, meaning the bath will not ‘flex’ when you step in.

Wetroom Panel Features

This extensive range of Wetroom Panel sizes and options offers you flexibility to create the perfect showering space. With various configurations available, a choice of either Bright Silver or Black frame with round or square bracing, we have everything covered to tailor to your own style. To create your bespoke wetroom firstly select the size of panel you require in either 8mm or 10mm glass thickness; select your colour (bright Silver or Black); select your configuration; select between a fixed or pivoting deflector panel if required; and finally select your desired bracing bars.

Deflector Panel Features

Deflector panels can be added to your wetroom panel to increase the water integrity for your wetroom. Select between fixed or pivoting deflector panels The pivoting deflector panel rotates through 180° with a smooth pivot motion, it is reversible and when not in use be folded flat against the glass to improve access into the shower. The fixed deflector panel is supplied with a chromed brass foot with a soft rubber base which is cut down to size on site to suit the shower tray, with a height of 2000mm and available in 8mm or 10mm glass thickness the deflector panel makes it an ideal addition to your wetroom.

Pivoting Deflector Panel

Adjustable Foot for Fixed Deflector

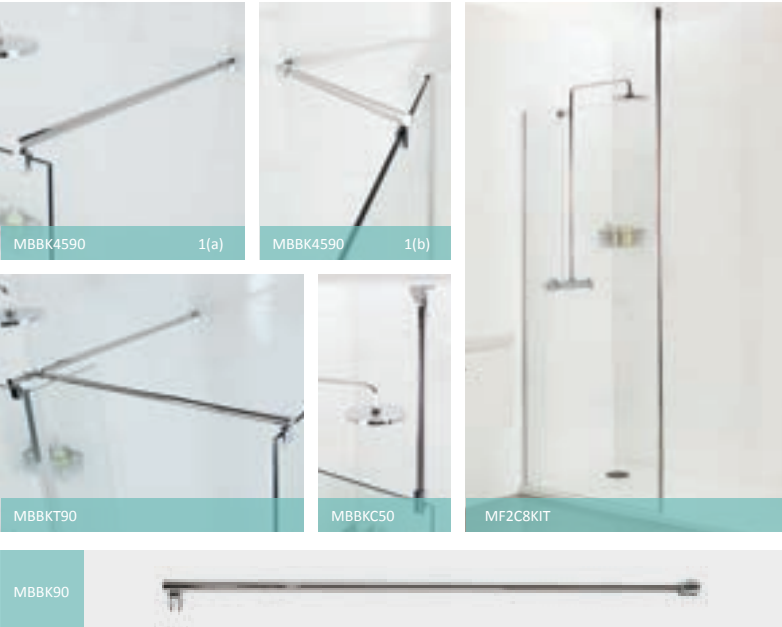

Fixed Deflector Panel

Brace Bar Features

There are a number of different styles of brace bars which can be used with the 8mm and 10mm glass thickness Wetroom Panels. On offer, are all configurations that may be required, each can be cut and trimmed to the necessary size during installation to allow maximum flexibility and use of space. Bracing kits are used to provide added support for the glass and ensure that it is securely fitted in place. Within this range there is something to suit all enclosure styles, your bathroom area and your preference, to present the highest level of stability. The square brace bars have the added benefit of being available in two frame finishes: black and bright silver.

The Infinita wetroom system makes it easy to install high specification, watertight wetrooms. At the core of the system is the wetroom tray, engineered for safety and integrity, yet easy to adapt to any wetroom footprint.

Perfect for both commercial and domestic use, the systems are ideal for family homes, hotels and healthcare facilities.

STEP 01

Choose the right wetroom tray

With two choices of Infinita wetroom trays (GRP/XPS), you can be sure to find the correct solution for your needs. With a huge array of sizes, all trays can be cut to size to accommodate awkward or unusual footprints.

STEP 02

Select the drain and choose your finish

Infinita wetroom drains are unique to each style of wetroom tray. Our GRP trays utilise the GRP 2 Part drain and our XPS wetroom trays utilise the XPS drains.

STEP 03

Wetroom Preparation

Remove all plasterboard from the wetroom area and install our tile backer board, enabling fast installation and a ready to tile environment assuring complete waterproof integrity of the installation.

STEP 04

Waterproof your wetroom

The Infinita waterproofing kits come complete with everything that is required to waterproof the wetroom area.

GRP Wetrooms

Manufactured from GRP with a stone resin core the Infinita system is designed for fast, straightforward installation. GRP wetroom shower trays are super strong and can be installed both on timber floors and concrete floors without the requirement of any support.

- Manufactured in Great Britain with up to 30% recycled material
- Suitable for tiles, micro cement and vinyl installation
- Suitable for concrete and timber installations
- Supports up to 470kg in weight across 400mm joists
- Only 22mm thick allowing for flush to floor installation
- Can be cut to size for those unusually shaped areas

XPS Wetrooms

Manufactured from foam these lightweight trays can be cut to size and installed within timber and concrete floors. Suitable for a tiled only environment.

- Under boarding support required for timber floor installation
- Cement finished face ready to accept tile adhesive
- Reinforced face with glass fibre mesh
- Can be cut to size for those unusually shaped areas

The Anti-Slip tray lends itself to the latest bathroom trends and achieves all the benefits of a solid cast stone tray. The new Anti-Slip surface is easy to maintain and provides a safer, stable showering experience.

Ease of installation is achieved with a contoured underside for leg location.

Tray Features

- 40% lighter than a high wall stone resin tray
- A simple stylish tray which delivers high quality looks and functionality
- Anti-Slip material (tested in accordance with British Standard BS7976:2 Pendulum slip test)
- The sleek Low Profile design is available in many special shapes and sizes
- Suitable for most types of enclosure
- Complies with BS EN 14527:2016
- Designed for 90mm High-Flo Waste
- Made with Phthalate free materials

Waste Features

- Complete with offset elbow
- Vented dome to allow higher flow
- Quick release inner unit
- Easy to clean and maintain
- Enables water to flow from the shower tray at a rate of 32 litres per minute

Rhodos White	1091-M6030	2400 (h) x 600 (w)	£168.99

Waterproof wall panels with an Aqualock tongue and groove system. For the look of classic ceramic tiles, the Tile Collection range of wall panels are available with a 3D routed 'grouting' line. Made from 7-layers of birch plywood with a decorative laminate surface, wall panels are five times quicker to install than tiles, and come with a 25 year warranty.

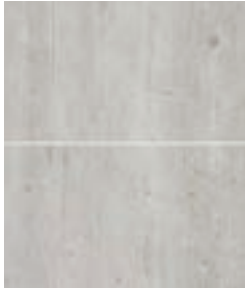

Have you ordered your Fibo trims to complete your perfect installation?
Various options include the NEW Hidden Corner, Base and L or J finishing profiles.
Ask a member of staff for more details.

Eight reasons to make the smarter choice

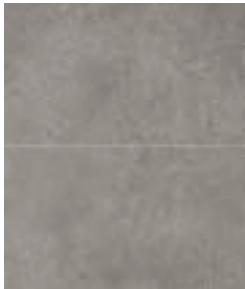

Shorter down-time

Environmentally friendly

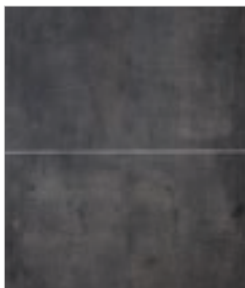

Shorter installation time

Waterproof wall panels with an Aqualock tongue and groove system are also available in a Non-Tile. They can be mounted directly onto timber frames, wall surfaces or tiles making the job quick and easy and the joints virtually invisible. For a 100% waterproof seal, sealant must be used in all joints to make our panels fully waterproof.

Start by choosing the right material for your environment. Moulded wood seats provide a warm feel and are eco-friendly. Tecnoplast seats are lightweight and virtually unbreakable whereas thermoset plastic has a ceramic like shine and are scratch and heat resistant. Slow Close ensures no pinched fingers and Quick Release offers a convenient and hygienic cleaning solution.

Fitted Furniture

Step By Step Guide	178
Door Style and Finish	179
Handle Options	179
Worktop Options	180
Isocast Basin Options	181
Cabinet Options Flush Style	182 – 183
Cabinet Options Shaker Style	184
Sanitaryware	185
Plinths and Panels	185
Mirrors and Cabinets	186
Lighting Options	187
Bath Panels	187
Tap Options	187

1. Door Style and Finish

Choose your door style and finish from either Flush or Shaker style. Then choose your desired door colour to front your standard or space-saving slim depth units.

2. Handle Options

Choose your handle style from the six available options.

3. Worktop and Basin Options

Select a worktop from either our solid surface or laminate options and a semi countertop basin. Alternatively, for a sleek contemporary look, opt for our Isocast worktops with integrated basin, available to fit both standard and slim units.

4. Cabinets

Choose your preferred cabinet and depth of unit from either our Flush or Shaker range.

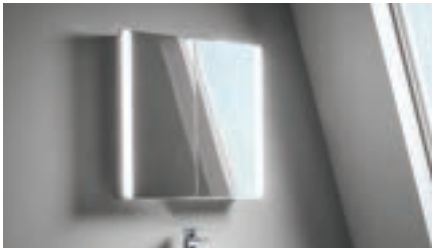

5. Sanitaryware Options

Choose your Infinita sanitaryware. See pages 120 – 151.

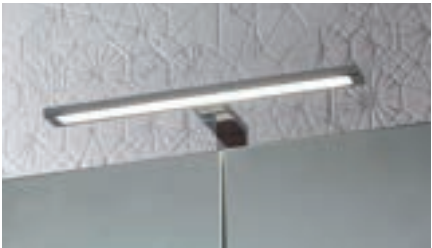

6. Plinths and Panels

Select a plinth to fit your furniture run and any panels you may need. Filler panels can be cut down and used with a worktop to fill a void in a wall-to-wall installation.

7. Mirrors and Cabinets

Choose your preferred mirror or cabinet, see pages 188 – 201. Also add any useful wall cabinets.

8. Lighting

Select a stylish lighting option.

9. Bath Panels

Select a co-ordinating bath panel.

10. Tap Options

Complete your bathroom with the addition of an Infinita basin mixer. See pages 30 – 49.

01 - Door Style and Finish

Select your door style, Flush or Shaker and your finish colour.

Standard Depth Units – 335mm | Slim Depth Units – 200mm

02 - Handle Options

Select from a choice of six handle styles.

Montana Bar Handle

Tecno	204
Capella	205
Marine	205
Shine	205

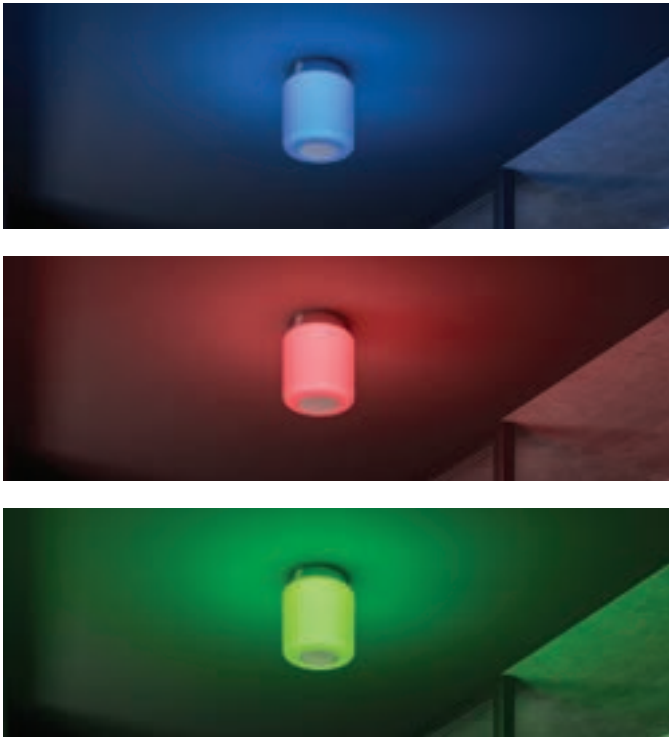

Tecno Features

Tecno features a **Bluetooth®** enabled speaker that allows you to play your favourite music, podcast or audiobook straight from your device. A remote control means you can adjust the volume, skip a track and even change the dimmable LED light from cool white to warm white and through a spectrum of red, green and blue hues; creating a whole new level of ambience. This groundbreaking light helps you personalise your bathroom experience, setting the tone for an energetic morning routine or an indulgent evening pamper.

- Remote control operation – lighting and music
- **Bluetooth®** connectivity with compatible devices
- Hand blown glass shade
- Colour temperature changing LED illumination
- 1555lm max
- Dimmable
- 12 RGB colour options
- 6w speaker
- IP44 rated – Electrically safe for use in the bathroom

Tecno Ceiling Light	303700	Ø180 x D230	£336.99

“Stay connected — even in your bathroom with Bluetooth® speakers”

Capella

With its clean lines and chrome finish, Capella is a stunning contemporary addition to your bathroom. The light provides ‘daylight’ illumination for a radiant, natural-feeling glow.

Marine

Marine’s flared design gently disperses radiant light across the surfaces of your bathroom.

Shine

Offering crisp ‘daylight’ illumination, the ultra-modern Shine will light your bathroom brilliantly. This ceiling light is the obvious choice if you want to show your space in the best possible light.

Elements

Code	Description	RRP Inc. VAT
MDLE002-AC003	Standard Element with T Dual Fuel	£96.99
MDLE002	Standard Element Sealed Electric	£209.99

Standard Element – MDLE002

IP55 Suitable for zones 1 and 2 of the bathroom. Each standard element contains an internal preset over the temperature switch and fail safe fuse. There is no thermostatic control although a suitably rated rheostat (CD-VR) will give thermal control when fitted into the electrical supply circuit.

Heat Sensor Element – MDLE006

IPX5 suitable for zones 1 and 2 of the bathroom. Five temperature settings ranging from 30°C to 60°C. The device displays the temperature to which it is currently set and indicates the status of the heating cycle.

Duel Fuel Look out for the Duel Fuel logo, these radiators are compatible with the Duel Fuel elements above.

Stat Black

Thermostat Features

To get the best from your heating system, you need precise heating controls. Infinita underfloor heating offers a choice of two programmable touchscreen thermostats. Both use precise floor and air temperature control to provide you with a simple and efficient way to manage your system, providing comfort and reduced energy costs. Homeowners can program their settings to suit individual requirements; warmer when at home, lower when away or asleep.

- Elegant design
- Quick and easy to program
- 2 Year Warranty

Code	Description	Dimensions (mm)	RRP Inc. VAT
INTSBLK	Touchscreen Stat Black	89(w) x 89(h) x 49(d)	£108.99
INTSWHT	Touchscreen Stat White	86(w) x 86(h) x 45(d)	£96.99

Insulation Boards Features

Insulation boards are the perfect way to reduce your heating costs and get the most out of your underfloor heating system. They prevent downward heat loss, which retains the heating in your room longer and improves the heat up time of the room when the system is turned on.

- Available in 6mm and 10mm to prevent excessive build-up
- Compatible with concrete and timber subfloors
- No primer required when used with underfloor heating

Code	Description	Dimensions (mm)	RRP Inc. VAT
INSBRD10-6	Insulation Boards 10mm Thick (Pack of 6)	1200 x 600	£125.99
INSBRD06-8	Insulation Boards 6mm Thick (Pack of 8)	1200 x 600	£154.99

Warmup Loose Wire

Ultra-thin dual-core heating element will not raise floor levels. BEAB approved heating element meets the highest safety standards.

- Thinnest dual-fluoropolymer coated heating wire
- Less than 1.8mm Diameter
- Quick installation – Single connection lead for fewer steps

Code	Description	RRP Inc. VAT
INDW300	Warmup Dual Wire Undertile Heater 300W	£172.99

Warmup StickyMat

An electric underfloor heating mat and cable system with pressure sensitive adhesive technology for the fastest installation. The wire is just 1.8mm thick, keeping floor build-ups low and saving you time.

- Keeps floor build-ups low
- Quick to install
- BEAB approved and CE marked with a lifetime warranty

Code	Description	RRP Inc. VAT
INSM151	Warmup StickyMat 150W/m ² 1m ²	£137.99
INSM152	Warmup StickyMat 150W/m ² 2m ²	£197.99
INSM153	Warmup StickyMat 150W/m ² 3m ²	£282.99
INSM154	Warmup StickyMat 150W/m ² 4m ²	£351.99
INSM155	Warmup StickyMat 150W/m ² 5m ²	£427.99

Warmup DCM-PRO

The DCM-PRO is the fastest solution for the installation of a heated decoupling system in all areas, installing electric underfloor heating in minutes with less tile adhesive because of its self-adhesive backing.

- The fastest to install heated decoupling system
- Installs in minutes with less adhesive
- Can be used with all floor types

Warmup Thermostats

Choosing the correct thermostat is crucial to ensuring that your heating system works effectively, efficiently and easily. To provide you and your home with an optimum heating experience, Warmup offers a wide range of underfloor heating controllers from simple manual thermostats to the latest, remotely accessible Smart Thermostats.

Warmup Insulation Board

Insulation boards are ideal for use with electric underfloor heating as they prevent the heat from the heating system escaping downwards to the subfloor. The Warmup Insulation Boards do not let the heat pass through from the heater to the subfloor. Therefore the heat gets pushed upwards, onto the floor surface where you want the heat to go.

Code	Description	Dimensions (mm)	RRP Inc. VAT
INSBRD6-1	Warmup 6mm Insulation Board	1250 x 600	£26.99

Warmup MyHeating App

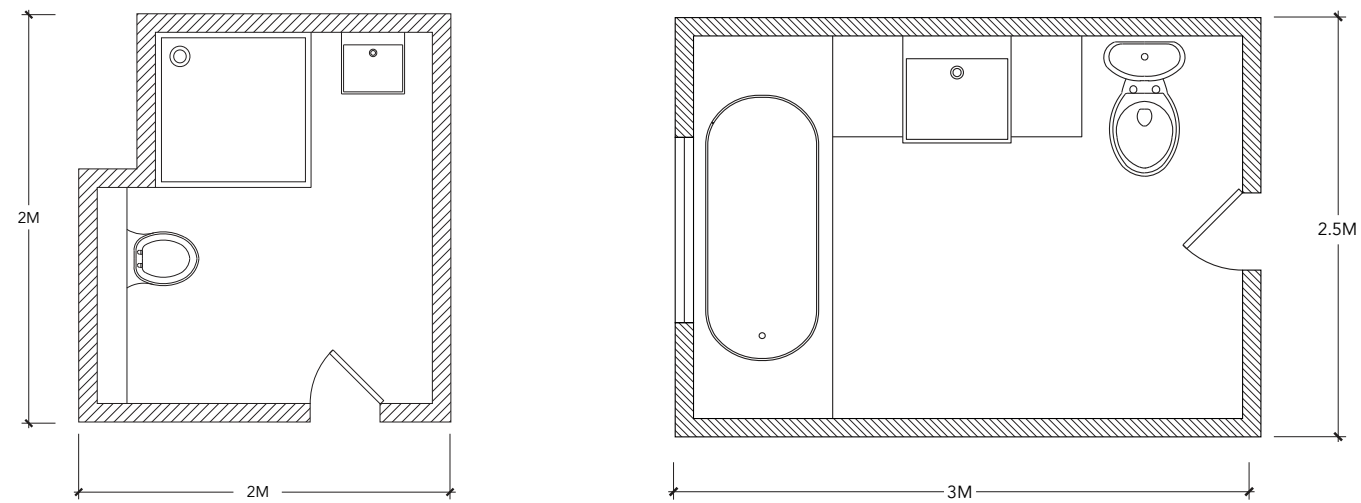

To get the most out of your 6iE Wireless Smart Thermostat download Warmup's MyHeating app for your smartphone. MyHeating enables unique features such as SmartGeo™ energy usage and running cost data, thermostat personalisation and remote heating control. Available on iOS, Android and with some functionality through your MyWarmup account on web browsers.

En-suite

Transform your en-suite into a tranquil retreat with modular furniture options that maximise every inch of additional space. Custom-made solutions can perfectly complement the individual needs of your bathroom, delivering a bespoke look with maximum storage capacity to contain your clutter.

Family Bathroom

Sharing a family bathroom requires a carefully planned space. Keep in mind the number of people who will be using the room. Choosing the right furniture and storage is vital to contain the clutter and ensure a stylish space.

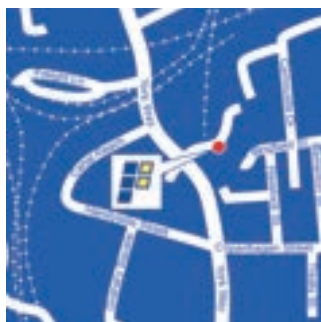

Measuring your Bathroom

- 1. Draw a basic outline plan of the room – you can choose to measure in imperial or metric units but remember to keep the method of measuring consistent.
- 2. Mark the positions of key features on the room plan such as windows, doors, boilers and radiators.
- 3. Note the measurements of all walls, ensuring that you include the length of features such as windows and doors. Remember to include the measurement from the corner of the wall to the start of the window or door.
- 4. Measure any existing bathroom furniture that you tend to keep and note their position if you don't plan to move them.

Notes

Notes section with horizontal lines for writing.

The global pandemic has caused delays to some products produced in other countries and is beyond our control. We will do all that we can to minimise delays, and we will advise you of the expected delivery date of your items at the time of purchase, but we need to advise you that we cannot accept cancellations nor will we be able to offer compensation for extended delays at this time. In some instances prices may change as a result of surcharges imposed by other countries. Please note: Due to the printing process and manufacturing tolerances the colour (including white) of a finished product may vary slightly from the colours represented in this brochure. It should also be noted that the final finished colour ordered in the same colour but at different times may vary due to production processes. Please note that due to the nature of the manufacturing process, from time to time product sizing may vary slightly. The details of all warranties quoted in this brochure can be found within the product warranty card.
